# Ordering 3-Digit Numbers on a Number Line

This is a 2 player game.

#### You will need:

- 2 different colouring pencils
- 2 sets of number cards (included)
- 1 number line (included)

### **Instructions**

- 1. Take turns to pick three cards from your pile of face-down number cards.
- 2. Use these three numbers to make a three-digit number. e.g if 3, 5 and 4 are picked, you could make '345', '354', '435', '453' '534' or '543'.
- 3. Write your chosen number in the correct place on the number line.
- 4. The aim of the game is to get three numbers in order on the number line without your partner squeezing a number in between them!
