

Tapestry

Data Protection Impact Assessment

Organisation Name/Data Controller Name: *North Stainley Primary School*

Date final DPIA issued 02/03/2022

Project Brief and Go Live Date:

Tapestry acts as an online journal for early year's children, it gives teachers the ability to easily survey a child's progression and attainment by compiling a series of photographs, videos and written observations displaying development and interaction. Parents are invited to go on their child's learning journey with them as they can access their child's profile and add their own media and observations to it, if they so desire.

Tapestry-

- Allows easy attainment comparisons to be made against the national curriculum
- Can identify children who are above, on or below average.
- Can survey the coverage of the national curriculum
- Can ascertain a child's understanding of a particular project/subject by looking at the moments captured

A DPIA is required due to the transferring of data to a new processor and the associated privacy risks that this carries due to the volume of personal data Tapestry will hold.

Part Three – Risk Evaluation

Privacy Risks (from part two)	Options to reduce or eliminate risk	Evaluation
Describe source of risk and potential impact on individuals, compliance and school risks		Is the risk eliminated, reduced or accepted?
A risk that parents will inadvertently upload special category/sensitive data.	A code of conduct will be sent out to parents informing them of special category data and ways to minimise the presence. E.g. just pictures of the child alone with a neutral background.	<i>Accepted – a code of conduct will be sent out for future pupils.</i>
In the event of a subject access request Tapestry is not on the records search about a data subject.	Ensure that Tapestry is added to the IAR so that it is checked in the event of an SAR.	<i>Risk Eliminated</i>
Risk of breaking the UK GDPR Compliance if access and accounts aren't monitored.	Ensure that the information asset owner is aware of their responsibility to keep the system up to date Add the system to the starter and leaver processes checklist	<i>Risk Eliminated</i>
Parents are unaware of the new system.	Ensure a letter is sent to parents detailing the system and providing them with log in details. If they object, their child will not be included in this system	<i>Risk Eliminated</i>
Users are unaware of what is appropriate to upload to the journal and the manner in which to comment.	An acceptable use policy will be administered to ensure both staff and parents know what proper conduct of behaviour is.	<i>Accepted – a acceptable use policy will be sent out for future pupils.</i>
Privacy Notice has not been updated to reflect Tapestry's processing activities	The Privacy Notice will be updated in order to ensure transparency.	<i>Risk Eliminated</i>
Location of the Servers being outside the United Kingdom	Regularly review the adequacy agreement with the EU.	<i>Accepted</i>
